## **Update on Proposed Shooting Star Casino (SSC) – Background Info**

We have just posted two new articles on the SLT website that provide some interesting background information regarding the Minnesota Indian Treaties that relate to issues that may be of concern to Star Lake Township (SLT) residents, as well as some information regarding outgoing Chairperson of the White Earth Nation (WEN), Irma Vizenor.

Neither article has any direct bearing to the proposed SSC site in SLT but may help the reader better understand some of issues the come along with it.

The SLT Board remains committed to providing timely updates on the SSC project as new & confirmed information becomes available.

Respectfully,

Star Lake Township Board
