

STAR LAKE TOWNSHIP E - BULLETIN # 25

SUBJECT: 2018 General Election Results

DATE: 11/11/18

On Tuesday, November 6, 2018, Star Lake Township recorded what we believe to be a record high voter turn-out for a mid-term election. Of the 307 registered voters in our township, 250 either came to the polls, or submitted an absentee ballot resulting in an impressive 81.4% voter turn-out. Congratulations, and thank you to all who took the time to fulfill this most basic civic responsibility!

We also would like to thank our loyal cadre of election judges who not only staff the polling place on primary and general election days, but also attend the required training sessions prior to each election, and some also help the county auditor conduct the required testing of every voting machine prior to each election.

The following SLT citizens serve as election judges; Ron Gilbertson, Mary Pfeffer, Alma Ronningen, Tammy Ziegler, Carole Nodsle, Brenda Ebanks, Keith Aune, Lee Mindemann, and Kathy Torklidson. Lastly, the Town Clerk – Jeff Michaelson who administers the multitude of details encompassing the entire electoral process. We are indeed fortunate to have this special group of people serve us in this capacity.

Please use this link to access the MN Secretary of State website to review the complete results of the election ([link to election results](#)). You can view the statewide results as well as up to five precincts. I have not found a way to view total Otter Tail County results, but suspect the overall trends there would largely reflect those of Star Lake. We will not attempt to provide any political analysis here, but simply acknowledge the high level of voter interest and encourage all to stay engaged in the process. This is the “Grassroots of Democracy”!

Respectfully, Star Lake Town Board
