

STAR LAKE TOWNSHIP E - BULLETIN # 31

SUBJECT: ROAD PROJECTS- 380th STREET AND STARLAND SHORE DRIVE DATE: 09/12/19

This is to advise the township will be conducting significant road repair/maintenance at two specific township road locations this fall.

380th Street East of County 41 – a significant repair of the roadbed in the curve just to the east of Camp Joy will be made in the next few weeks depending upon weather conditions and contractor scheduling. This repair is expected to be completed in one day and while the road will NOT be closed, *some delays may occur throughout the day*. Residents living to the east of this work area are advised to register on the SLT website (if they have not already done so) to receive specific details of this project when they become known.

Starland Shore Drive – in the next few weeks a widening of the driving surface will be made by adding gravel to the shoulders. Residents can expect the following:

- The shoulders and ditch will be mowed,
- The area to be widened will be flagged,
- Gravel will be laid down 2-3" thick,
- Roadway will be bladed & packed,
- While the roadway will be open for use, some short delays may occur,
- Residents are advised to register on the SLT website (if they have not already done so) to receive specific details of this project when they become known.

Respectfully, Star Lake Town Board
